

Continued Commitment to the Specialty®

Your **Century Club** Contribution=Your **Continued Commitment to the Specialty**®

1. How does the Century Club work?

This is the easiest way in which you can give to the future of orthodontics without having to think about it. Just like for patients, you can use an automatic bank draft or credit card to provide as little as \$100 a month as a charitable donation to the foundation.

2. Can these donations work toward a current pledge level?

The Century Club method can easily be used. The monthly contribution is adjusted so as to bring it in line with the pledge amount. Sign up once...and forget it.

3. How do I know how to figure this in at tax time?

Each year you get a statement for tax purposes of your charitable contribution to orthodontic research and education. For those who give more than \$250/month, they receive a monthly acknowledgment of their generosity.

4. What is happening with funding during these tough economic times?

University and outside research funding is way down, making it even more important that we give.

5. How can I be sure the money goes to research?

All of our funds are spent in furtherance of the Foundation's mission to "advance the orthodontic specialty by supporting education and research." All the members of the Foundation Board and all members of PARC (the Awards Review Committee) are volunteers serving without compensation or honorarium.

You Pledge, We Promise.....
