

# Resident Shout-Outs to AAOF

Residents respond to the AAO Foundation's Resident Gift Program.

TEXAS  
A&M

“Thank you so much both for this opportunity and also for the generosity of the AAOF. The funds make a tremendous difference, and I am humbled to have the chance to receive such a gift.”

– Dr. Lauren Brubaker (Class of 2021)

“The Resident Gift was an incredibly generous contribution from the AAOF that facilitated transfer for countless residents across the country. I can speak to the fact that in previous years students have not attended AAO due to financial reasons but this year we had one the greatest turnouts due to this kind gift.”

– Greg Asatryan (Class of 2019)

UCLA

UNC  
CHAPEL  
HILL

“I am so impressed with the energy behind AAOF this year! The stipend and the interactive survey at the AAO were a truly brilliant way to engage residents at a time when we most need the assistance. More importantly, this gesture plants the seed for the critical tenant of our profession: the spirit of giving. I truly enjoyed meeting the incredible minds leading the AAOF and I am proud to become a contributing member.”

– Hillary E. Lathrop (Class of 2019) & Vanguard Society Member

“I'd like to thank the AAO Foundation for their generous donation. It really meant a lot to my fellow co-residents and me as it allowed us to participate in Organized Orthodontics on a national level to learn about the changes affecting our profession and how we can help. Furthermore, listening to the world-renowned orthodontists discuss new and innovative treatment approaches was fascinating and inspiring. I am so grateful for the continued support the AAOF provides to all residents..”

– Guneet Kainth (Class of 2019)
